Announcement of a Meeting To Discuss Standards Development for Low-Level Light Standards for Luminometry

AGENCY: National Institute of Standards and Technology.

ACTION: Notice of public meeting.

SUMMARY: The National Institute of Standards and Technology (NIST) invites interested parties to attend a meeting on May 1, 1996 to plan, with the assistance of public and private sector stakeholders, a national program to develop standards and a standards traceability scheme for low-level light measurements. Attendees should come prepared to discuss standards specifications, their specific standards needs, as well as resources that they are able to provide toward meeting those needs. This program may become a consortium and attendees would have the opportunity to join through a Cooperative Research and Development Agreement.

Any program undertaken will be within the scope and confines of The Federal Technology Transfer Act of 1986 (Public Law 99-502, 15 U.S.C. 3710a), which provides federal laboratories including NIST, with the authority to enter into cooperative research agreements with qualified parties. Under this law, NIST may provide "personnel, service, facilities, equipment or other resources with or

without reimbursement (but not funds to non-federal parties)"—to the cooperative research program.

The meeting will be held on Wednesday May 1, 1996 at 8:00 a.m., Administration Building, Lecture Room A & B, at NIST in Gaithersburg, MD, for interested parties.

The meeting will discuss the possible formation of a research consortium including NIST and manufacturing industry to conduct research in this area. This is not a grant program.

DATES: The meeting will be held on May 1, 1996. Interested parties should contact NIST to confirm their attendance at the address, telephone number or FAX number shown below no later than April 17, 1996.

ADDRESSES: The meeting will be held at 8:00 a.m., Administration Building, Lecture Room A & B, National Institute of Standards and Technology, Gaithersburg, MD.
